

VALET PROGRAM INFORMATION

Golden is very proud of our Valet Program. The program has been very successful for the past eight years. The Valet Program is endorsed and supported by the Placentia Police Department who helped with the organization and training of 4th, 5th and 6th grade student volunteers. It is essential that we, as parents and educators, do everything we can to ensure the safety of our children. Following are a few reminders that will enable our student volunteers to do their job effectively, efficiently and most importantly safely.

1. Please have student backpacks, lunches/lunch money, and student ready to exit the car before entering the drop-off area that will be marked with orange cones.
2. ***To further enhance the safety of our students, there are now two lanes entering the Golden parking lot.*** When traveling west on Golden Avenue, a left turn may be made into the left hand side of the driveway. When traveling east on Golden Avenue, you may enter the lot by turning right into the right hand side of the driveway. The two lanes of traffic will merge into **one lane** shortly after entering the parking lot.
3. Pull up close to the curb so that valets do not have to step off the curb.
4. Come to a complete stop in front of the valet for drop-off service, pulling forward as space is available.
5. Make eye contact with the valet indicating approval for them to open the passenger door(s) for the student (s) to exit.
6. Valets are to open and close the car doors.
7. Students must exit on the passenger side of the car only (curbside)
8. Student valets may assist with backpacks, etc.
9. Right turns **only** are allowed when exiting the parking lot.
10. The valet system will be in effect during the morning drop-off time only. However, the same flow of traffic will be followed at all times, including dismissals
